WEBB MEASURE

California Democrats Intend Joining Republicans.

PRESIDENT WARNS GOVERNOR

Wilson Telegraphs Johnson That Anti-Alien Land Law May Involve Appeal to Courts on Questions of Treaty Rights—State Executive Replies He Will Be Grateful for Information How to Avoid Litigation.

Sacramento, Cal., May 2.—An indication of the form the Democratic opposition will take to the passage of the Webb redraft of the anti-alien land bill was given in the senate when the measure came up for final action.

It was the original plan of the progressive Republican majority, in its assurance of a successful issue, to force the bill to a vote at once, but at the request of the Democrats a postponement of one day was granted at the last minute.

In return for the delay the administration leaders received a pledge from the minority that it would abide by the results as shown in the final roll call and not demand a reconsideration. Thus the Republicans feel that, although apparently they lost a day, in reality they saved several by checking further efforts to impede their plans.

The brief debate on the motion to postpone disclosed that the Democrats have harkened to the advice from Washington, as delivered by Secretary of State Bryan, and will make a formal stand in support of the national administration. To meet the issue squarely Senator Curtin, Democrat, introduced a resolution setting forth that President Wilson is opposed to an anti-alien land bill and including the following declaration:

How the Democrats Stand.

"Be it resolved, That the people of the state of California do hereby defer to the wishes of the president of the United States and this legislature will not at this session pass the bills herein mentioned."

It is believed generally that, to the extent of supporting Curtin's resolution, the Democrats will defer to Secretary Bryan. Beyond that, however, their party platform in California calls upon them to aid in the enactment of an anti-alien land law and most of them are expected to cast their votes for the Webb bill in its present form, if it escapes amendment.

No apprehension was aroused by the warning against the Webb bill telegraphed to Governor Johnson by President Wilson. It is the belief, both of Governor Johnson and Attorney General Webb, that regardless of how the act was worded it probably would involve an appeal to the courts, as suggested by President Wilson.

Attorney General Webb in a statement said:

"No method of avoiding an appeal to the courts by the parties interested has occurred to us and if the federal government is advised of the existence of a way to avoid this question without a complete and unwarranted surrender of the rights of the state it is to be regretted that such method is not pointed out by the telegram."

WILSON FEARS LITIGATION

Telegraphs Governor Johnson Regarding Webb Bill.

Sacramento, Cal., May 2.—The following telegram from President Wilson was received here by Governor Johnson:

"I take the liberty of calling your attention to the Webb bill, which would involve an appeal to the courts on questions of treaty rights and bring on what might be long and delicate litigation."

Governor Johnson immediately replied:

"I thank you very much for your suggestion. The fault may be due to the fact that we have endeavored to preserve affirmatively upon the face of our bill the existing treaty. I have referred the matter at once to our attorney general and I would be extremely grateful for any suggestions that would avoid the objection you mention."

Insurance Companies to Remain in State in Spite of Orr Law.

Jefferson City, Mo., May 2.—Superintendent of Insurance Revelle announced that more than thirty foreign fire insurance companies have notified him that they will not leave the state on account of the Orr insurance law. It was because of this statute that most of the companies in the Western Insurance union and in the Western Insurance bureau agreed to cease writing policies in Missouri after April 30.

Washington, May 2.—The senate confirmed the nominations of Charles P. Neill as commissioner of labor statistics; J. F. A. Strong of Juneau, as governor of Alaska, and H. M. Smith as commissioner of fisheries.

GREET WILSON
WITH CHEERS

Newark, N. J., Citizens Hear President Speak.

IS FIGHTING FOR REFORMS

Chief Executive Invades His Home State to Urge Legislation Which He Favored While Governor, but Which Failed of Enactment Since His Departure for Washington.

Newark, N. J., May 2.—President Wilson in two speeches, here and at Elizabeth, made good his promise to return to his state to fight for the reforms which were pledged to the people while he was governor, but which failed of accomplishment since his departure for Washington. The president was greeted with cheers and enthusiasm as he faced the big crowds.

"It made all my pulses beat," said the president in his speech here, "to think that I was to come to this great county of Essex that wants to govern itself, but does not. I have come, therefore, to speak not to you, but for you."

"I have exercised a great self-denial about New Jersey. My great temptation in choosing a summer home was to pitch my tent where I used to. But there is going to be a contest for governor in New Jersey next summer and I did not want anybody to think I wanted to boss the job. I have no candidate for governor, but I am opposed to whomever is desired by certain gentlemen. I don't want to see any governor privately owned."

Willing to Give Opinion.

"I am going to New Hampshire next summer, but New Hampshire is in telegraphic communication with New Jersey. Any one who wants to know what I think can learn by asking."

"But I want to say a few words about the Democratic party. I want everybody to realize that I have not been taken in by the results of the last national election. The country did not go Democratic in November. It was impossible to go Republican, because it could not tell which kind of Republican to go. The only hopeful and united instrument through which it could accomplish its purpose was the Democratic party."

"There were certain things which we want done, the country said, not certain persons elevated. There were certain things we want demonstrated, such as that the government of the United States cannot be controlled by private interests. Now the Democratic party is going to have a try at making these things successful and, if not, we're not going to have another try."

Look Out for the People.

The president applied his reference to the national election to the situation, indicating that if the Democratic party in the state did not redeem its pledges, including jury reform, the people might try another political party at the next election.

The president charged that the system had been so corrupt as to permit grand juries to indict at strategic moments and "they can withhold grand juries from indicting when all is quiet and you know that the mastery of certain gentlemen in this state would be impossible if the things they did were subject to the dispassionate judgment of grand juries."

The president was unsparing in his attack on the eleven assemblymen from Essex county who were opposing jury reform.

"It is a disgrace," he said amid applause, "to the judicial system of the state and the Union and I come here to protest as a representative American citizen that these things should be allowed to exist."

BUHL MINER SHOTS TWO

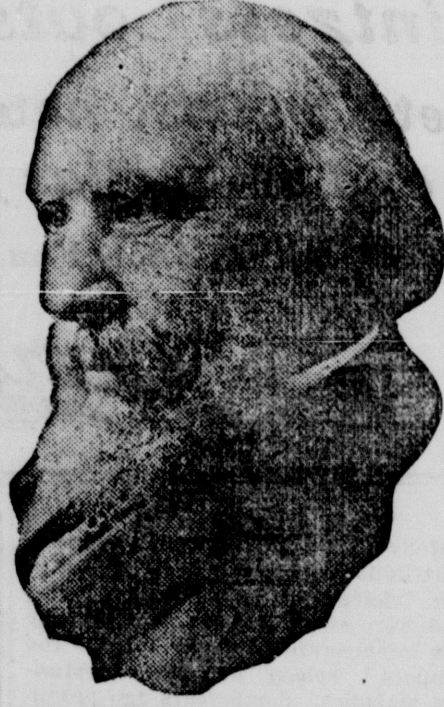

One May Die as Result of Feud of Long Standing.

Buhl, Minn., May 2.—In a shooting affray here Peter Serratore, forty years old, a shift boss at the White-side mine, was perhaps mortally shot and Dominick Pabatolo was wounded by Dominick Gilbert, employed as a stripper.

In jail Gilbert, who was caught after a chase, expressed regret for the shooting of Serratore, but indicated that he was not sorry for wounding Pabatolo, with whom he has had a feud of some years' standing.

J. J. Hill Says Congress Should Adjourn for Ten Years.

St. Paul, May 2.—James J. Hill, in his address at the Town Criers' sixth annual home products dinner at Masonic temple, declared in discussing the effect of legislation on business that the United States would be better off if congress would adjourn and stay adjourned for ten years. If this condition could be realized, Mr. Hill said, the country would enjoy an unprecedented period of prosperity, with business men satisfied to create large undertakings without fear of legislative setbacks.

The Hill speech came as the climax to an affair which veritably arrayed St. Paul in the colors of a leader in the field of industry and commerce. Five hundred persons were present to join in "a big family dinner," to eat St. Paul manufactured or jobbed goods and to carry away still more products as souvenir samples of what the city produces in the way of foodstuffs.

GARDNER CANDIDATE
FOR CHAIRMANSHIP

Would Lead Republican Congressional Committee.

Washington, May 2.—Halvor Steenerson probably will succeed Frederick C. Stevens of St. Paul as Minnesota's representative on the Republican congressional committee. Interest in the selection of the state's representative on the Republican congressional organization was started by the announcement of Representative A. P. Gardner of Massachusetts that he aspired to be chairman of the congressional committee.

Mr. Gardner is what is known as a near Progressive. He was an insurgent in the days when the Republicans made a demonstration against the nomination of Cannon, but latterly Mr. Gardner has trained with the regulars. Early last year Mr. Gardner was just about to side with Colonel Roosevelt against President Taft, when he suddenly changed his mind and came out for the renomination of the president. Mr. Gardner is popular with many Progressives, but many others suspect he has little or no interest in the Progressive cause.

Early in the tariff debate the Massachusetts member made a speech in which he talked with frankness about the old Republican leaders, declaring that if it had not been for their ignorance the party might have been kept together. There is a good deal of interest in the candidacy of Mr. Gardner. It pleases some of the regulars, but doubt is expressed that he will land.

INCOME TAX MAY
BRING ECONOMY

Probably Will Help Along Sentiment For Reductions.

COX IN FAVOR OF SAVING.

Advises Members to "Begin at Home and Upon Ourselves," Citing Personal Expenses as a Good Starting Point. Semi-personal Bills Passed For Patronage Could Be Trimmed.

By ARTHUR W. DUNN.

Washington, May 2.—[Special.]—"If we are going to economize we must begin at home and upon ourselves," sagely remarked Congressman Cox of Indiana in one of his annual speeches against the mileage paid to members.

Each member now receives 20 cents a mile for every session he attends. It is thought that quite a saving could be accomplished by cutting down the rate to 5 cents a mile. But congressmen do not take kindly to the reduction of their personal expenses. They tried to keep down the number of clerks and other employees, but without making much of a show. On the personal side it is hard to economize when the government pays the bills.

But the personal economy amounts to but a drop in the bucket. The big saving could be made on the semi-personal side, in cutting down the large river and harbor and public building bills, in reducing the number of military posts and navy yards, most of which are maintained for the benefit of states and congressional districts and help to re-elect the men who keep them in operation.

Income Tax May Help.

There is a widespread belief that the income tax will go a long way to help along a sentiment in favor of reduced expenditures. It is believed that the men who pay the income taxes will try and create a sentiment in favor of federal economy.

At present the feeling in all communities and among most of the congressmen is that whatever comes out of the federal treasury is so much "velvet." Uncle Sam has always been regarded a "good thing" and government money has been considered easy money. The income tax may make a difference.

Old Soldier in the House.

And here is another old soldier, one of the civil war, elected a member of congress. Sanford Kirkpatrick, one of the Democrats from Iowa, enlisted when nineteen years old and served four years in the great struggle. As a government officer he has visited forty-one different states of the Union.

Mann and Assistants.

During the two years he was minority leader James R. Mann rarely had any one assisting him. He had no lieutenants. Occasionally he yielded to men for short speeches, but he never really had any one who was ever ready to take up the work he mapped out. "I can't get any member sufficiently interested," explained Mann, "to take up the questions and learn them thoroughly, and so I determined to take care of everything myself." It looks as if Congressman Gardner of Massachusetts would be Mann's lieutenant during the present congress.

A Southern Educator.

Congressman Abernethy of Alabama is one of the educators in congress. He has been connected with many different educational institutions in his state and has been at the head of many educational associations throughout the country. He ought to have a standing with Professor Wilson at the White House.

Perils of High Station.

Naturally the secretary of state is much sought after as a dinner guest. Let any fashionable hostess send out an invitation "to meet the secretary of state" and a mighty lot of acceptances will be filed. No member of the diplomatic corps could refuse an invitation of that kind, and high ranking diplomats make distinguished dinner parties. And so the common people are reading about Secretary Bryan at functions of high society and wealth, for wealth is also a part of dining.

In fact, many people in society think wealth is solely for dining. There are quite a goodly number of the rank and file still haunting Washington, many of them dining rather frugally after nearly two months of waiting, who read with misgivings that William J. Bryan is dining frequently with the aristocrats, the smart set, the plutocrats, in short.

There is peril in "eats." Judson Harmon was practically bowled out of the presidency by dinners, where he talked and where things were said about him. President Taft was constantly going to dinners. Woodrow Wilson rarely goes to dinners.

Tom Power's View.

Most of the Democrats down deep in their hearts believe in what Tom Power expressed openly. Power was one of the first senators from Montana and of course was given almost nothing in the way of committee assignments. He was much dissatisfied and expressed himself thus: "They have put me on civil service, reform and retrenchment. I am not in favor of civil service nor of reform nor of retrenchment, which shows the lack of judgment of the men making the committee."

Arrest of Leaders.

London, May 2.—"From now on it will be war and real war."

This was the deliverance of the presiding officer, Miss MacCauley, at the militant suffragettes' weekly meeting in Essex hall. The women cheered the announcement lustily.

That the belligerent suffragettes are not daunted by the capture of their stronghold and the arrest of their leaders was evidenced by the attendance, which far exceeded the capacity of the hall. Hundreds of women who were unable to squeeze in remained outside the gates throughout the meeting.

In attempting to suppress the militants' union Miss MacCauley declared the government had tackled a bigger job than it was able to carry through. No amount of coercion, imprisonment of its members or torture by forcible feeding would make them abandon the fight until victory had been won, she said.

"I do not believe," he said, "that we should put Great Britain to the trouble of resorting to an arbitral tribunal to determine a question that has no basis either in fact or in good conscience."

"The question is one which from every consideration of national good faith and national honor should be settled by ourselves."

KEEP YOUNG GIRL PRISONER

Two Men, in Spirit of Revenge, Bind and Drug Her.

Milwaukee, May 2.—Bound, drugged and kept a prisoner in a country roadhouse for two days by two men with whom her father had trouble was the fate of Katie Hlebba, the sixteen-year-old daughter of John Hlebba of West Allis, near here. Samuel Hervat and Remus Vlasic were given a year in the house of correction.

On the night following the banishment of the two men from the hotel of Hlebba they met Katie, took her to a motion picture show and then carried her to a roadhouse. Here, according to the testimony of the girl, they forced her to drink whisky until she became intoxicated. Then she said she did not know what happened until the next morning, when she awoke in a dark room. The door was locked and the blinds were fastened.

That night the men returned and she again was forced to drink whisky. The men also drank and went to sleep. One had opened the shutters for fresh air and the girl tied the bed clothing together and escaped from the house.

Republicans Attempt to Amend
Tariff Measure.

DEMOCRATS TURN DEAF EAR

Majority Members in House Champion the Bill as the Greatest Ever Written for the Benefit of the Country. Indications Are Republicans Will Not Try to Delay Passage of Measure Much Longer.

Washington, May 2.—All efforts of the opposition to disturb the "market basket" reductions in the Democratic tariff bill failed in the house, despite the fact that Republican orators predicted ruined industries, enforced idleness and empty cupboards to follow the enactment of the Underwood bill.

Still championing the bill as the greatest that ever has been written for the benefit of the country the Democrats were deaf to the pleas of representatives of the beet and cane sugar constituencies against free sugar in three years and unmoved by the charge that they legislated in the hands of the beet trust by placing duties on live stock while free listing their products.

There were indications that Republican leaders would not undertake to delay the passage of the bill much longer. Representative Moore of Pennsylvania, who has been active in offering minority amendments, voiced this view. He said the Republicans would not attempt to filibuster and that they had been "hammering away at the Underwood bill for four days without making a single dent in it."

The fact that many who claim their business is affected are asking the Republicans to hasten matters in order that they may "readjust their affairs" is said to be partly responsible for the minority attitude.

Among the rejected amendments to the agricultural schedule are:

By Representative Kent of California, to put cattle on the free list; Willis of Ohio, sheep from 10 per cent to 11 per cent; Woods of Iowa, meat from free list to 25 per cent; Sloan of Nebraska, meats 15 per cent; Fordney of Michigan, all live stock from 10 to 25 per cent; Steenerson of Minnesota, potatoes from the free list to 25 cents a bushel of 60 pounds; Helgeson of North Dakota, barley from 15 cents to 25 cents a bushel; Fordney, oats from 10 to 15 cents a bushel.

Wilson Telegraphs Johnson That Anti-Alien Land Law May Involve Appeal to Courts on Questions of Treaty Rights—State Executive Replies He Will Be Grateful for Information How to Avoid Litigation.

Sacramento, Cal., May 2.—An indication of the form the Democratic opposition will take to the passage of the Webb redraft of the anti-alien land bill was given in the senate when the measure came up for final action.

It was the original plan of the progressive Republican majority, in its assurance of a successful issue, to force the bill to a vote at once, but at the request of the Democrats a postponement of one day was granted at the last minute.

In return for the delay the administration leaders received a pledge from the minority that it would abide by the results as shown in the final roll call and not demand a reconsideration. Thus the Republicans feel that, although apparently they lost a day, in reality they saved several by checking further efforts to impede their plans.

The brief debate on the motion to postpone disclosed that the Democrats have harkened to the advice from Washington, as delivered by Secretary of State Bryan, and will make a formal stand in support of the national administration. To meet the issue squarely Senator Curtin, Democrat, introduced a resolution setting forth that President Wilson is opposed to an anti-alien land bill and including the following declaration:

How the Democrats Stand.

"Be it resolved, That the people of the state of California do hereby defer to the wishes of the president of the United States and this legislature will not at this session pass the bills herein mentioned."

It is believed generally that, to the extent of supporting Curtin's resolution, the Democrats will defer to Secretary Bryan. Beyond that, however, their party platform in California calls upon them to aid in the enactment of an anti-alien land law and most of them are expected to cast their votes for the Webb bill in its present form, if it escapes amendment.

No apprehension was aroused by the warning against the Webb bill telegraphed to Governor Johnson by President Wilson. It is the belief, both of Governor Johnson and Attorney General Webb, that regardless of how the act was worded it probably would involve an appeal to the courts, as suggested by President Wilson.

Attorney General Webb in a statement said: "No method of avoiding an appeal to the courts by the parties interested has occurred to us and if the federal government is advised of the existence of a way to avoid this question without a complete and unwarranted surrender of the rights of the state it is to be regretted that such method is not pointed out by the telegram."

"I thank you very much for your suggestion. The fault may be due to the fact that we have endeavored to preserve affirmatively upon the face of our bill the existing treaty. I have referred the matter at once to our attorney general and I would be extremely grateful for any suggestions that would avoid the objection you mention."

If this condition could be realized, Mr. Hill said, the country would enjoy an unprecedented period of prosperity, with business men satisfied to create large undertakings without fear of legislative setbacks.

The Hill speech came as the climax to an affair which veritably arrayed St. Paul in the colors of a leader in the field of industry and commerce. Five hundred persons were present to join in "a big family dinner," to eat St. Paul manufactured or jobbed goods and to carry away still more products as souvenir samples of what the city produces in the way of foodstuffs.

GARDNER CANDIDATE FOR CHAIRMANSHIP

Would Lead Republican Congressional Committee.

Washington, May 2.—Halvor Steenerson probably will succeed Frederick C. Stevens of St. Paul as Minnesota's representative on the Republican congressional committee. Interest in the selection of the state's representative on the Republican congressional organization was started by the announcement of Representative A. P. Gardner of Massachusetts that he aspired to be chairman of the congressional committee.

Mr. Gardner is what is known as a near Progressive. He was an insurgent in the days when the Republicans made a demonstration against the nomination of Cannon, but latterly Mr. Gardner has trained with the regulars. Early last year Mr. Gardner was just about to side with Colonel Roosevelt against President Taft, when he suddenly changed his mind and came out for the renomination of the president. Mr. Gardner is popular with many Progressives, but many others suspect he has little or no interest in the Progressive cause.

Early in the tariff debate the Massachusetts member made a speech in which he talked with frankness about the old Republican leaders, declaring that if it had not been for their ignorance the party might have been kept together. There is a good deal of interest in the candidacy of Mr. Gardner. It pleases some of the regulars, but doubt is expressed that he will land.

ROB TRAIN IN KANSAS CITY

Bandits Line Up Passengers and Get About \$1,500.

Kansas City, May 2.—Two robbers who boarded Kansas City Southern passenger train No. 5 at the depot here lined up and robbed the passengers soon after the train left here, obtaining about \$1,500 in money and jewelry.

Issued 500,000 Licenses.

Chicago, May 2.—Morris Salmonson, marriage license clerk here for thirty years, who has issued more than 500,000 licenses to wed, is dead. Mr. Salmonson retired from office at the age of seventy. He had seen two generations wedded and was ushering the third into matrimony when his retirement became necessary.

RAINS CHECK FIRES.

Superior, Wis., May 2.—Rains in the central and eastern portions of this county checked the brush fires which have been raging and, it is believed, removed further danger of their spread. No additional losses except the destruction of many telegraph and telephone poles has been reported.

INCOME TAX MAY BRING ECONOMY

Probably Will Help Along Sentiment For Reductions.

COX IN FAVOR OF SAVING.

Advises Members to "Begin at Home and Upon Ourselves," Citing Personal Expenses as a Good Starting Point. Semi-personal Bills Passed For Patronage Could Be Trimmed.

By ARTHUR W. DUNN.

Washington, May 2.—[Special.]—"If we are going to economize we must begin at home and upon ourselves," sagely remarked Congressman Cox of Indiana in one of his annual speeches against the mileage paid to members.

Each member now receives 20 cents a mile for every session he attends. It is thought that quite a saving could be accomplished by cutting down the rate to 5 cents a mile. But congressmen do not take kindly to the reduction of their personal expenses. They tried to keep down the number of clerks and other employees, but without making much of a show. On the personal side it is hard to economize when the government pays the bills.

But the personal economy amounts to but a drop in the bucket. The big saving could be made on the semi-personal side. In cutting down the large river and harbor and public building bills, in reducing the number of military posts and navy yards, most of which are maintained for the benefit of states and congressional districts and help to re-elect the men who keep them in operation.

Income Tax May Help.

There is a widespread belief that the income tax will go a long way to help along a sentiment in favor of reduced expenditures. It is believed that the men who pay the income taxes will try and create a sentiment in favor of federal economy.

At present the feeling in all communities and among most of the congressmen is that whatever comes out of the federal treasury is so much "velvet." Uncle Sam has always been regarded a "good thing" and government money has been considered easy money. The income tax may make a difference.

Old Soldier in the House.

And here is another old soldier, one of the civil war, elected a member of congress. Sanford Kirkpatrick, one of the Democrats from Iowa, enlisted when nineteen years old and served four years in the great struggle. As a government officer he has visited forty-one different states of the Union.

Mann and Assistants.

During the two years he was minority leader James R. Mann rarely had any one assisting him. He had no lieutenants. Occasionally he yielded to men for short speeches, but he never really had any one who was ever ready to take up the work he mapped out. "I can't get any member sufficiently interested," explained Mann, "to take up the questions and learn them thoroughly, and so I determined to take care of everything myself." It looks as if Congressman Gardner of Massachusetts would be Mann's lieutenant during the present congress.

A Southern Educator.

Congressman Abernethy of Alabama is one of the educators in congress. He has been connected with many different educational institutions in his state and has been at the head of many educational associations throughout the country. He ought to have a standing with Professor Wilson at the White House.

Perils of High Station.

Naturally the secretary of state is much sought after as a dinner guest. Let any fashionable hostess send out an invitation "to meet the secretary of state" and a mighty lot of acceptances will be filed. No member of the diplomatic corps could refuse an invitation of that kind, and high ranking diplomats make distinguished dinner parties. And so the common people are reading about Secretary Bryan at functions of high society and wealth, for wealth is also a part of dining.

In fact, many people in society think wealth is solely for dining. There are quite a goodly number of the rank and file still haunting Washington, many of them dining rather frugally after nearly two months of waiting, who read with misgivings that William J. Bryan is dining frequently with the aristocrats, the smart set, the plutocrats, in short.

There is peril in "eats." Judson Harmon was practically bowled out of the presidency by dinners, where he talked and where things were said about him. President Taft was constantly going to dinners. Woodrow Wilson rarely goes to dinners.

Tom Power's View.

Most of the Democrats down deep in their hearts believe in what Tom Power expressed openly. Power was one of the first senators from Montana and of course was given almost nothing in the way of committee assignments. He was much dissatisfied and expressed himself thus: "They have put me on civil service, reform and retrenchment. I am not in favor of civil service nor of reform nor of retrenchment, which shows the lack of judgment of the men making the committees."

WILSON NOMINATES DAVIES

President Includes Wisconsin Man in Batch of Recommendations.

Washington, May 2.—Among nominations by President Wilson are the following:

Commissioner of Corporations—Joseph E. Davies of Wisconsin.

Assistant Comptroller of the Treasury—Walter W. Warwick of Ohio.

Collector of Internal Revenue, Third District, Iowa—Louis W. Murphy.

DECLARE THEY ARE PREPARED FOR WAR

English Suffragettes Resent Arrest of Leaders.

London, May 2.—"From now on it will be war and real war."

This was the deliverance of the presiding officer, Miss MacCauley, at the militant suffragettes' weekly meeting in Essex hall. The women cheered the announcement lustily.

That the belligerent suffragettes are not daunted by the capture of their stronghold and the arrest of their leaders was evidenced by the attendance, which far exceeded the capacity of the hall. Hundreds of women who were unable to squeeze in remained outside the gates throughout the meeting.

In attempting to suppress the militants' union Miss MacCauley declared the government had tackled a bigger job than it was able to carry through. No amount of coercion, imprisonment of its members or torture by forcible feeding would make them abandon the fight until victory had been won, she said.

FAIRBANKS HITS FREE TOLLS

Nation's Honor at Stake, Says Former Vice President.

St. Louis, May 2.—That the United States is under a moral obligation to admit the ships of other nations to the Panama canal on the same terms on which it admits American vessels was urged in an address before the American Peace congress here by former Vice President Charles W. Fairbanks.

"I do not believe," he said, "that we should put Great Britain to the trouble of resorting to an arbitral tribunal to determine a question that has no basis either in fact or in good conscience."

"The question is one which from every consideration of national good faith and national honor should be settled by ourselves."

KEEP YOUNG GIRL PRISONER

Two Men, in Spirit of Revenge, Bind and Drag Her.

Milwaukee, May 2.—Bound, drugged and kept a prisoner in a country roadhouse for two days by two men with whom her father had had trouble was the fate of Katie Hebbia, the sixteen-year-old daughter of John Hebbia of West Allis, near here. Samuel Hervat and Remus Vlasic were given a year in the house of correction.

On the night following the banishment of the two men from the hotel of Hebbia they met Katie, took her to a motion picture show and then carried her to a roadhouse. Here, according to the testimony of the girl, they forced her to drink whisky until she became intoxicated. Then she said she did not know what happened until the next morning, when she awoke in a dark room. The door was locked and the blinds were fastened. That night the men returned and she again was forced to drink whisky. The men also drank and went to sleep. One had opened the shutters for fresh air and the girl tied the bed clothing together and escaped from the house.

OTIS SKINNER OPERATED ON

Mastoid Abscess Removed—Actor's Condition Is Serious.

Indianapolis, May 2.—Otis Skinner, the actor, underwent an operation here for the removal of an abscess back of the ear.

Dr. Lafayette Page, who performed the operation, said that, while Mr. Skinner withstood the knife in good shape, his condition was serious.

The trouble had become so deep seated, Dr. Page said, that it had almost reached the membrane of the brain.

NOMINATES UNDERWOOD MAN

Wilson Appoints Campbell to Court of Claims.

Washington, May 2.—Edward K. Campbell, a lawyer of Birmingham, Ala., was nominated by President Wilson to be chief justice of the United States court of claims, to succeed the late Justice Stanton J. Peels. Mr. Campbell, who is a native of Washington county, Va., has been a lifelong friend of Representative Underwood, the Democratic house leader, and identified with all of the Underwood political campaigns. He headed the Underwood Marching club at the national convention last year.

ROYAL FOREST IS MENACED

Fire Near Celle, Germany, Already Has Devastated 10,000 Acres.

Celle, Germany, May 2.—A great forest fire has been raging in this district since Wednesday evening. It has devastated 10,000 acres and now menaces the village of Reberlah and the royal forest.

The flames crossed the railroad running from Hanover to Hamburg, holding up the trains for several hours.

He Knew His Business.

"Why do you wish me to pay in advance?" asked the pallid person who had just registered at the rest cure. "Because," the proprietor replied, "I'm running this place for your health, not mine."—Chicago Record-Herald.

Republicans Attempt to Amend Tariff Measure.

DEMOCRATS TURN DEAF EAR

Majority Members in House Champion the Bill as the Greatest Ever Written for the Benefit of the Country. Indications Are Republicans Will Not Try to Delay Passage of Measure Much Longer.

Washington, May 2.—All efforts of the opposition to disturb the "market basket" reductions in the Democratic tariff bill failed in the house, despite the fact that Republican orators predicted ruined industries, enforced idleness and empty cupboards to follow the enactment of the Underwood bill.

Still championing the bill as the greatest that ever has been written for the benefit of the country the Democrats were deaf to the pleas of representatives of the beet and cane sugar constituencies against free sugar in three years and unmoved by the charge that they legislated into the hands of the beef trust by placing duties on live stock while free listing their products.

There were indications that Republican leaders would not undertake to delay the passage of the bill much longer. Representative Moore of Pennsylvania, who has been active in offering minority amendments, voiced this view. He said the Republicans would not attempt to filibuster and that they had been "hammering away at the Underwood bill for four days without making a single dent in it."

The fact that many who claim their business is affected are asking the Republicans to hasten matters in regard to that they may "readjust their affairs" is said to be partly responsible for the minority attitude.

Among the rejected amendments to the agricultural schedule are:

By Representative Kent of California, to put cattle on the free list; Willis of Ohio, sheep from 10 per cent to \$1 per head; Woods of Iowa, meat from free list to 25 per cent; Sloan of Nebraska, meats 15 per cent; Fordney of Michigan, all live stock from 10 to 25 per cent; Steenerson of Minnesota, potatoes from the free list to 25 cents a bushel of 60 pounds; Helgeson of North Dakota, barley from 15 cents to 25 cents a bushel; Fordney, oats from 10 to 15 cents a bushel.

VETOES THE ANTI-ALIEN BILL

Governor of Alaska Uses Prerogative at Eleventh Hour.

Juneau, Alaska, May 2.—Governor Walter E. Clark vetoed the anti-alien fishing bill aimed at Japanese fishermen, just before the Alaska legislature adjourned sine die.

The bill passed both houses unanimously, but when the governor's message was received there was no attempt to pass it over his veto.

The legislature, Alaska's first law-making body, had been in session since March 1. Among its notable achievements were the enactment of the following laws:

Votes for women; laborers' lien mining laws; anti-white slave law; establishment of prospectors' homes at Fairbanks and Sitka; creation of juvenile courts; repeal of poll tax and providing for an occupation tax.

ACCUSED OF BIG SHORTAGE

Santa Fe Clerk Under Arrest in Los Angeles.

Los Angeles, May 2.—Accused of having embezzled more than \$60,000 during a period covering six years W. J. Ranney, chief clerk in the office of the auditor of the Santa Fe railroad here, was arrested.

The specific charge was the theft of \$670, but Acting General Manager Hibbard was authority for the statement that the total amount of the alleged shortage would approximate at least the larger sum.

STRIKE CLOSES BIG STORE

Business in Buffalo Curtailed, Owing to Walkout of Employees.

Buffalo, N. Y., May 2.—The strike of the Department Employees' association, called for higher wages and shorter working hours, resulted in the closing of one big department store and the heavy curtailment of business in practically all retail mercantile houses. The strikers assert that more than 2,500 men, women, boys and girls are out. There were no serious disorders.

Eleven department stores in the Retail Merchants' association announced that hereafter their stores would be closed Saturday nights. This is one of the demands of the strikers.

Clapp Won't Answer Hearst.

Washington, May 2.—Senator Clapp refused to comment on the attack made on him in Hearst's Magazine, accusing him of weakness and fear of Standard Oil in conducting the investigation regarding letters from John D. Archbold to former Representative Sibley and other congressmen.

Resolution

Be it Resolved, that the contract between the city and the Cuyuna Range Power Company as prepared by the city attorney be changed as follows:

Paragraph No. 3 at the top of page 3. "Board except a two and one-half percent or five per cent decrease in the voltage originally designated provided the maximum shall not exceed 2300 volts."

Paragraph 9, by adding to said paragraph after the word "party" in the last line, "but no change shall be ordered without good and sufficient cause."

Paragraph 13 by adding after the word "contract" in the second line thereof "to the extent of three million kilowatt hours per year."

Paragraph 15 be entirely stricken out and paragraph 16 changed to read as follows: "It is mutually agreed by both parties hereto that all the rights, privileges, duties and obligations herein contained arising by the terms hereof shall be binding upon and inure to the benefit of their successors or assigns; but the party of the second part shall never be released from the obligations of the within contract unless the assignee shall be accepted by resolution of the council in place of second party."

Be it Further Resolved, that the contract as so changed be entered into by the City and the Mayor and City Clerk hereby are authorized, empowered and directed to execute said contract on behalf of the city.

Passed May 1st, 1913.

vided the maximum shall not exceed
2300 volts."
Paragraph 9, by adding to said
paragraph after the word "party" in
the last line, "but no change shall be
ordered without good and sufficient
cause."
Paragraph 13 by adding after the
word "contract" in the second line
thereof "to the extent of three mil-
lion kilowatt hours per year."
Paragraph 15 be entirely stricken
out and paragraph 16 changed to
read as follows: "It is mutually
agreed by both parties hereto that
all the rights, privileges, duties and
obligations herein contained arising
by the terms hereof shall be binding
upon and inure to the benefit of
their successors or assigns; but the
party of the second part shall never
be released from the obligations of
the within contract unless the as-
signee shall be accepted by resolution
of the council in place of second par-
ty."
Be it Further Resolved, that the
contract as so changed be entered
into by the City and the Mayor and
City Clerk hereby are authorized,
empowered and directed to execute
said contract on behalf of the city.
Passed May 1st, 1913.

**SYRUP OF FIGS IS
BEST FOR A CHILD**
If its little tongue is coated, breath
feverish, stomach sour and
bowels clogged
Every mother immediately realizes
after giving her child delicious Syr-
up of Figs that this is the ideal lax-
ative and physic for the children.
Nothing else regulates the little one's
stomach, liver and 30 feet of tender
bowels so promptly besides they de-
arly love its delightful fig taste.
If your child isn't feeling well;
resting nicely; eating regularly and
acting naturally it is a sure sign that
its little insides need a gentle, thor-
ough cleansing at once.
When cross, irritable, feverish,
stomach sour, breath bad or your lit-
tle one has stomach-ache, diarrhoea,
sore throat, full of cold, tongue coated;
give a teaspoonful of Syrup of
Figs and in a few hours all the foul,
constipated, clogged up waste, un-
digested food and sour bile will gently
move on and out of its little bowels
without nausea, griping or weakness,
and you will surely have a well, hap-
py and smiling child again shortly.
With Syrup of Figs you are not
drugging your children, being com-
posed entirely of luscious figs, senna
and aromatics, it cannot be harmful.
Mothers should always keep Syrup
of Figs handy. It is the only stom-
ach, liver and bowel cleanser and
regulator needed—a little given to-
day will save a sick child tomorrow.
Full directions for children of all
ages and grown-ups plainly printed
on the package.
Ask your druggist for the full name
"Syrup of Figs and Elixir of Senna,"
prepared by the California Fig Syr-
up Co. This is the delicious tast-
ing, genuine old reliable. Refuse
anything else offered.—Advt.

FOURTH OF JULY COMMITTEE MEETS

Executive Committee Decides That all Donations to Fund Shall be Made Public

THE REPORT ON FINANCES

Cost of Daylight Fireworks to be Ascertained—Big Parade to be One of the Features

The executive committee of the Fourth of July celebration met at the office of the water and light board at eight o'clock Thursday evening. The meeting was called to order by Chairman B. C. McNamara.

At roll call the following members were present: J. G. Brown, J. N. Kaufmann, J. S. Robertson, J. M. Taylor, F. H. Grant, Wm. Nelson, C. O. Sundberg, T. H. Considine and Chairman McNamara.

The minutes of the last meeting were read and approved as read. The chairman reported on the progress of the finance committee in soliciting funds.

The motion carried that the names of all citizens contributing should be embodied in the minutes. The chairman was authorized to fill all vacancies in the finance committee. The secretary was instructed to write each fraternal organization in the city asking assistance financially to carry on the free attractions.

The following committees were reported as having been appointed by each chairman:

Finances: A. K. Lukens, Alderman-elect George W. Hess, Louis W. Roth, Alderman-elect L. H. Stallman and E. W. Dunn.

Press: R. M. Sheets, F. G. Hall, John A. Hoffbauer.

Sports: Alderman-elect L. H. Stallman, J. J. Nolan, H. A. Swanson, C. A. Wood, George Vogel.

The secretary was instructed to write different firms and ascertain the cost of daylight fireworks.

L. M. Dupue, committee on parade, reported as being unable to serve on the committee. The chairman was instructed to fill the vacancy and appointed C. O. Sundberg and T. H. Considine.

A DELIGHTFUL PROGRAM

Entertainment Given by Sara Ruth Bates Monday Evening Was Thoroughly Enjoyed

The entertainment given by Sara Ruth Bates Monday evening at the First Baptist church was thoroughly enjoyed by all present.

Miss Bates has appeared before Brainerd audiences four times and her splendid personality in the presentation of each number upon her program pleased every listener.

Prof. Jensen gave two violin solos which were listened to with great pleasure. Attorney B. J. Broady sang a solo which was greatly enjoyed.

Miss Bates left Tuesday for Duluth where she appeared May 1st, and gave a program under the auspices of the high school students of that city.

Notice to Yeomen

Our beloved Brother Sanford R. Van Sickle died yesterday at his home at Gull lake. His funeral will take place Saturday, May 3rd, from the Methodist church, 3:45 p. m.

All brother and sister Archers are requested to meet at the hall Saturday at 3:15 p. m. to attend the funeral. We depend on you to come.

C. RISK, Correspondent.

IT PAYS TO ADVERTISE—TRY IT

BRAINERD REALTY GOOD INVESTMENT

Elmer E. Adams, of Fergus Falls, Comments on the Substantial Values Brainerd Offers

AN ADVANCE BOUND TO OCCUR

Prices Now Lower Than Any Other Northern Minnesota Town, Considering Future Growth

Elmer E. Adams, president of the First National bank of Fergus Falls, who was in the city attending the meeting of the bankers of the sixth district, is also president of the Northwestern Building Association of Fergus Falls, which does a large loaning business all through northern Minnesota. Mr. Adams inspects the loans of the association once a year or oftener, and is therefore familiar with the values and selling prices in the towns and cities of the state and it is his opinion that values in Brainerd, and especially so far as dwellings and lots suitable for dwellings are concerned, are much lower than in any other town in Minnesota.

These values are lower, even though the future growth on account of the assured mineral wealth, is eliminated, and there is no ignoring the fact that as soon as the iron industry is developed that property will take on a new and increased worth.

When one considers the public improvements and public work, including public buildings, Brainerd presents substantial values in both its business and residence property. Mr. Adams says that it is his observation that realty values in a town depends a great deal on how the people themselves regard the town. Occasionally he finds a place in which the people have faith in the values and ask prices based on their faith as to its worth. In other towns there is a deprecating tone as to values and as a result values are much lower than they really should be. In his opinion it would take but very little buying here to give values an advance of fifty per cent and he is confident that the advance will take place in the near future.

The payroll which Brainerd carries at the present time is sufficient to make property worth more than it now sells for and with the development of the iron industry, which will strengthen Brainerd's position as the metropolis of this section, values are certain to advance and people who buy and hold on to residence property are surely going to make a good profit.

"MISHAPS OF MINERVA"

Comedy to be Given at Grand Theatre Next Tuesday by Athletic Association

The Athletic association of the high school will present a two-act comedy, "The Mishaps of Minerva," at the Grand theatre next Tuesday evening.

The central figure of the play is an energetic young club woman of Brainerd, Miss Minerva Sterling, who has offered her home for a large reception during the state federation. In the hope of curing Minerva of an over obliging disposition, her sister Clara Sterling, Victor Brown a young doctor, and Harry Stevenson a local reporter, conspire to make the reception a failure. Their plans are only too successful. Belle Brantly, a girl reporter from the Pioneer Press, secures a great scoop for her paper, and Mike Shannon a raw recruit of the Brainerd police force does his duty thoroughly. This part is taken by that rare comedian of "Princess Bonnie" fame, Frank Johnson.

The entire cast follows: Mr. Henry Sterling, a prominent citizen—Hugh Brandon Mrs. Lydia Sterling, his wife—Mildred Skaug Dr. Victor Brown—Burton Orne Harry Stevenson—Arthur McGinn Mike Shannon—Frank Johnson Minerva Sterling—Eleanor Baker Clara Sterling—Margaret Brady Belle Brantly—Gladys Alger Molly, a very sick maid—Mrs. Wright, a club woman—Mrs. Grimmer

Mildred Farwell Miss Palmer—Laura Anderson The Athletic association has labored under unfortunate conditions during the present year and their receipts failed to equal the expenditures. In order to meet their indebtedness and place themselves right with the public the above entertainment is offered.

COLLECTING PIKE SPAWN

Up Country Fishing Pools Furnish the Spawn to Stock Lakes in Different Parts of State

The fish and game commission are now busy collecting the millions of eggs from the mother pike which will be used to plant in new waters that the anglers may enjoy catching the best fish that swims in the waters of any of Minnesota's lakes.

Spawn for the hatcheries are now being taken at four stations, one at Jenkins in Crow Wing county near Whitefish lake; one at Birchdale in Lake county on Rainy river; one at Pike river near Tower, and one at Pipestone Falls in Lake county. At this season of the year the pike leave the deep water of the lakes and seek the rivers and streams where the spawning takes place, and fish stations are established on these rivers noted for the quantity of these splendid fish that frequent the lakes that they are tributary to. A half dozen men at each place will be busy stripping the female pike of the eggs she is about to deposit and they will be shipped to the hatcheries where they will be hatched, reared and cared for until such time as they are able to look after themselves and then they will be shipped to various points for planting in lakes selected by the commission for stocking. It is reported that the pike are plentiful this spring and that the prospects for fishing when the season opens is fine.

DIED OF PNEUMONIA

Sudden Death of Sanford R. VanSickle of Cass County, Brother of Harry VanSickle

Sanford R. VanSickle, aged 56, of Cass county, died suddenly of pneumonia Thursday afternoon at one o'clock. Mr. VanSickle was one of the prosperous farmers of the county, having lived near Brainerd the past ten years. A few days ago he went to Walker and attended a meeting of the assessors, the deceased being assessor for his district. He took sick shortly after and on Wednesday noon took to his bed. Mr. VanSickle was the possessor of a fine and well cultivated farm on the north side of Gull lake.

He leaves a wife and seven children, the latter being Mrs. Jenny Shanks of Saskatoon, Canada; Miss Fanny VanSickle, Henry VanSickle, a brakeman on the Minnesota & International railway; Miss Libbie VanSickle, Miss Sadie VanSickle, Charles and Hilton VanSickle. His brothers were Harry VanSickle, of the Brockway & Parker grocery store of this city; John and Watson VanSickle. His sisters were Fanny, Rhoda, Belle and Nannie VanSickle.

He was a member for about six years past of the Brotherhood of American Yeomen lodge and they will attend the funeral in a body. Short services will be held Saturday afternoon at 3:30 at the Losey & Dean undertaking parlors and at 3:45 at the Methodist church, Rev. Elbert E. Satterloe officiating. Interment will be in Evergreen cemetery. The sympathy of the community is extended to the bereaved family.

A DELIGHTFUL PROGRAM

Entertainment Given by Sara Ruth Bates Monday Evening Was Thoroughly Enjoyed

The entertainment given by Sara Ruth Bates Monday evening at the First Baptist church was thoroughly enjoyed by all present.

Miss Bates has appeared before Brainerd audiences four times and her splendid personality in the presentation of each number upon her program pleased every listener.

Prof. Jensen gave two violin solos which were listened to with great pleasure. Attorney B. J. Broady sang a solo which was greatly enjoyed.

Miss Bates left Tuesday for Duluth where she appeared May 1st, and gave a program under the auspices of the high school students of that city.

BRAINERD REALTY GOOD INVESTMENT

Elmer E. Adams, of Fergus Falls, Comments of the Substantial Values Brainerd Offers

AN ADVANCE BOUND TO OCCUR

Prices Now Lower Than Any Other Northern Minnesota Town, Considering Future Growth

Elmer E. Adams, president of the First National bank of Fergus Falls, who was in the city attending the meeting of the bankers of the sixth district, is also president of the Northwestern Building Association of Fergus Falls, which does a large loaning business all through northern Minnesota. Mr. Adams inspects the loans of the association once a year or oftener, and is therefore familiar with the values and selling prices in the towns and cities of the state and it is his opinion that values in Brainerd, and especially so far as dwellings and lots suitable for dwellings are concerned, are much lower than in any other town in Minnesota.

These values are lower, even though the future growth on account of the assured mineral wealth, is eliminated, and there is no ignoring the fact that as soon as the iron industry is developed that property will take on a new and increased worth.

When one considers the public improvements and public work, including public buildings, Brainerd presents substantial values in both its business and residence property. Mr. Adams says that it is his observation that realty values in a town depends a great deal on how the people themselves regard the town. Occasionally he finds a place in which the people have faith in the values and ask prices based on their faith as to its worth. In other towns there is a deprecating tone as to values and as a result values are much lower than they really should be. In his opinion it would take but very little buying here to give values an advance of fifty per cent and he is confident that the advance will take place in the near future.

The payroll which Brainerd carries at the present time is sufficient to make property worth more than it now sells for and with the development of the iron industry, which will strengthen Brainerd's position as the metropolis of this section, values are certain to advance and people who buy and hold on to residence property are surely going to make a good profit.

"MISHAPS OF MINERVA"

Comedy to be Given at Grand Theatre Next Tuesday by Athletic Association

The Athletic association of the high school will present a two-act comedy, "The Mishaps of Minerva," at the Grand theatre next Tuesday evening.

The central figure of the play is an energetic young club woman of Brainerd, Miss Minerva Sterling, who has offered her home for a large reception during the state federation in the hope of curing Minerva of an over obliging disposition, her sister Clara Sterling, Victor Brown a young doctor, and Harry Stevenson a local reporter, conspire to make the reception a failure. Their plans are only too successful. Belle Brantly, a girl reporter from the Pioneer Press, secures a great scoop for her paper, and Mike Shannon a raw recruit of the Brainerd police force does his duty thoroughly. This part is taken by that rare comedian of "Princess Bonnie" fame, Frank Johnson.

The entire cast follows:

Mr. Henry Sterling, a prominent citizen..... Hugh Brandon

Mrs. Lydia Sterling, his wife..... Mildred Skaug

Dr. Victor Brown.....Burton Orne

Harry Stevenson.....Arthur McGinn

Mike Shannon.....Frank Johnson

Minerva Sterling.....Eleanor Baker

Clara Sterling.....Margaret Brady

Belle Brantly.....Gladys Alger

Molly, a very sick maid..... Fern Grimmer

Mrs. Wright, a club woman..... Mildred Farwell

Miss Palmer.....Laura Anderson

The Athletic association has labored under unfortunate conditions during the present year and their receipts failed to equal the expenditures. In order to meet their indebtedness and place themselves right with the public the above entertainment is offered.

COLLECTING PIKE SPAWN

Up Country Fishing Pools Furnish the Spawn to Stock Lakes in Different Parts of State

The fish and game commission are now busy collecting the millions of eggs from the mother pike which will be used to plant in new waters that the anglers may enjoy catching the best fish that swims in the waters of any of Minnesota's lakes.

Spawn for the hatcheries are now being taken at four stations, one at Jenkins in Crow Wing county near Whitefish lake; one at Birchdale in Lake county on Rainy river; one at Pike river near Tower, and one at Pipestone Falls in Lake county. At this season of the year the pike leave the deep water of the lakes and seek the spawning takes place, and fish stations are established on these rivers noted for the quantity of these splendid fish that frequent the lakes that they are tributary to. A half dozen men at each place will be busy stripping the female pike of the eggs she is about to deposit and they will be shipped to the hatcheries where they will be hatched, reared and cared for until such time as they are able to look after themselves and then they will be shipped to various points for planting in lakes selected by the commission for stocking. It is reported that the pike are plentiful this spring and that the prospects for fishing when the season opens is fine.

Ft. Ripley Defeated by Green Prairie
the Score Being 9 to 7, Errors Losing Game

In a fast and exciting game Fort Ripley went down to defeat at the hands of Green Prairie in an eleven inning game by the score of 9 to 7. Errors cost Ft. Ripley the game.

The star of the game was LaForce, the southpaw hurler of Fort Ripley, who struck out 17 men and allowed but three hits. He is believed to be a coming second Leslie Bush. The Fort Ripley team plays the fast Randall team at that town on Sunday, May 4.

Brainerd Yellowstone Park Club

A new social and travel organization known as the Yellowstone club is being organized in Brainerd for the purpose of visiting Yellowstone National Park. R. E. Kalat, general manager and W. T. Orcutt, superintendent of the Yellowstone National Park tours, arrived here Monday and report that indications point to a membership of over one hundred for the local club.

The weekly installment payment basis is the feature of the organization by which it is possible for club members to take the trip to the park by payments in amounts as they desire. No doubt the plan will appeal to many and will be the means of a great many people seeing Yellowstone that otherwise would not make the tour.

The organizers expect to send three or more car loads of people from here which certainly would be a beneficial advertisement for our city. W. W. Gibson will deliver his interesting illustrated travelogue on Yellowstone in the near future, the date of which will be announced later.

Messrs. Kalat and Orcutt are registered at the Ransford and will be pleased to furnish detailed information to anyone contemplating this trip. Business called them to St. Paul today and they will return Monday.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from your druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.—Advt.

YOUR OPPORTUNITY—AND OURS

We would like to show you how much more there really is to Adler's Collegian Clothes, compared with average clothes. It is your opportunity to learn true clothes values and ours to make a new customer.

ADLER'S COLLEGIAN CLOTHES are designed with more care than made-to-order suits. The styles are authentic. Hand tailoring is what makes these garments hold their shape. Plenty of style and the right idea of color and fabric. Why not drop in today?

EXCITING 11 INNING GAME

Ft. Ripley Defeated by Green Prairie the Score Being 9 to 7, Errors Losing Game

In a fast and exciting game Fort Ripley went down to defeat at the hands of Green Prairie in an eleven inning game by the score of 9 to 7. Errors cost Ft. Ripley the game.

The star of the game was LaForce, the southpaw hurler of Fort Ripley, who struck out 17 men and allowed but three hits. He is believed to be a coming second Leslie Bush.

The Fort Ripley team plays the fast Randall team at that town on Sunday, May 4.

This Interests Every Woman

A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, they soon recover. This is worth knowing, and also that Foley Kidney Pills are the best and safest medicine at such times. They are tonic in action, quick in results. They will help you. H. P. Dunn, druggist.—Advt. mwf

Brainerd Yellowstone Park Club

A new social and travel organization known as the Yellowstone club is being organized in Brainerd for the purpose of visiting Yellowstone National Park. R. E. Kalat, general manager and W. T. Orcutt, superintendent of the Yellowstone National Park tours, arrived here Monday and report that indications point to a membership of over one hundred for the local club.

The weekly installment payment basis is the feature of the organization by which it is possible for club members to take the trip to the park by payments in amounts as they desire. No doubt the plan will appeal to many and will be the means of a great many people seeing Yellowstone that otherwise would not make the tour.

The organizers expect to send three or more car loads of people from here which certainly would be a beneficial advertisement for our city. W. W. Gibson will deliver his interesting illustrated travelogue on Yellowstone in the near future, the date of which will be announced later.

Messrs. Kalat and Orcutt are registered at the Ransford and will be pleased to furnish detailed information to anyone contemplating this trip. Business called them to St. Paul today and they will return Monday.
